Holocaust Fable Reinforcement

[28 comments](#)

Posted by Subverted Nation on 03Feb10 in [Controlling Dissent](#) | [28 comments](#)

It seems it's that time of year again for us all to bow our heads and remember the poor jews who died in their fake holocaust. Did I say fake already? I swear I can't get the word holocaust out without the word "fake" in front of it. Considering holocaust has become synonymous with the faked deaths of 6 million jews in Germany during WWII, I can't help but utter fake before I say holocaust. Regardless of all the propaganda from Hollywood and the jew owned media, I don't think many people buy their bullshit anymore.

What is the really sad part about this picture?
These rats were later released from the camps,
and now they prey on you and your children.

So now it is time for us to remember the poor jews who were torched in ovens (never happened), gassed with diesel engines (not scientifically possible), fed to German dogs (also never happened), had their babies used as skeet targets by Nazi officers (fable), and even had their naked asses spanked out in the open by Nazi soldiers (sick jew fantasy).

There are so many horrendous (read: untrue) stories that go with the fake jew holocaust it's not funny. If you've read [this article](#) of mine, then you will know that I am NOT a holocaust denier. I can't deny the holocaust of millions of non-jewish peoples at the hands of the jew. Nothing I do will change the fact that the deaths of these untold millions came at the hands of jews, while the fable of six million jews killed by Germans just can't be scientifically, statistically, or factually proven.

Just a few days ago, [this story](#) popped up on the radar, and I guess I hadn't been paying attention, because I didn't realize it was close to the anniversary of the holocaust. While I'm saying "the holocaust", why is it the faked deaths of six million jews is **THE** holocaust? What exactly is a holocaust anyway? According to [wikipedia](#):

A holocaust is a religious animal sacrifice that is completely consumed by fire. The word derives from the Ancient Greek holocaustos (ὁλόκαυστος = ὅλον [wholly] + καυστος burnt), which is used solely for one of the major forms of sacrifice. When the Tanakh was translated into Greek, the translators used the term for a similar ritual among the Jews.

Jewish sacrifice

A "whole offering" (Hebrew: olah), or "burnt offering", is a type of Biblical sacrifice, specifically an animal sacrifice in which the entire sacrifice is completely burnt, consumed totally by fire.

So, a holocaust is a religious animal sacrifice, and it's origins stem from the Greek word for burnt. A holocaust is a burnt offering of animal flesh, but if it's a burnt offering, and no jews went in the ovens, who was being sacrificed? Maybe the reason they call it "holocaust" is in relation to the burnt offering of hundreds of thousands of Germans in Hamburg (50,000 civilians burnt to death by allied bombs)?

This is a view of Dresden from the air. The entire city is on fire, and in this view you are watching 250,000 people go up in flames with it. This is what a real burnt offering looks like.

Or maybe it's the holocaust of civilian non-jews in Dresden where 3,900 tons of high-explosive bombs and incendiary devices were dropped on the city, incinerating as many as 250,000 people and leveling nearly 15 square miles? Look at the number of people within one or two city blocks surrounding yourself and then imagine fifteen square miles of that leveled by carpet bombing the area for almost 3 days. That was one hell of a burnt offering if I ever saw one, and one called down upon the innocent civilian populations by the jews.

Certainly toasting 90,000–166,000 people in one bright flash could qualify as a holocaust, or burnt offering, right? That was just Hiroshima alone, bombed by jew made nuclear weapons on the orders of our then jew president. Nagasaki was another 60-80,000 people who went up in a burst of fire and light at the hands of the jews. The jews murder and torch people by the thousands and even millions so frequently, it really makes one wonder how insatiable their appetite for burnt offerings and blood sacrifice is.

Look closely at this little skeeze, because this is what the enemy looks like when it's playing benevolent victim. Don't be fooled because that innocent smile hides the fangs of a blood thirsty vampire.

Anyway, it appears someone actually paid attention while reading through jew propaganda, and found that “The Diary of a Young Girl: the Definitive Edition”, the story of Anne Frank(enstein) was full of explicit material and homosexual themes. One parent complained, and instantly the story was national news, because we know Anne Frankenstein's diary is an important peg in the whole 6 million dead jews holocaust hoax.

Anyone familiar with the jews will know that they can't ever seem to keep their lust for playing with feces, children as sex toys, and homosexual activity out of anything they produce. No doubt this parent was justified in complaining, but all the excitement over it makes the whole event questionable. It's just another obvious sign the jews are worried our children won't get their holocaust indoctrination at an early enough age. Throw in the fact that the writing is full of smut and homosexuality, and this is something jews will fight tooth and nail to keep on the curriculum for eighth graders.

The diary documents the daily life of a Jewish girl in Amsterdam during World War II. Frank started writing on her 13th birthday, shortly before her family went into hiding in an annex of an office building. The version of the diary in question includes passages previously excluded from the widely read original edition, first

published in Dutch in 1947. That book was arranged by her father, the only survivor in her immediate family. Some of the extra passages detail her emerging sexual desires; others include unflattering descriptions of her mother and other people living together.

Allen said that the more recent version will remain in the school library and that the earlier version will be used in classes. The 1955 play based on Frank's experiences also has been a part of the eighth-grade curriculum for many years. The diary's "universal theme, that there is good in everyone, resonates with these kids," Allen said.

The universal theme of the diary is that poor jews suffered, and we should feel sorry for these eternal victims, but who feels sorry for these blood thirsty demons playing the helpless victim? Fuck the jews and their pity party. This fool lies like hell when he tries to tell us "there is good in everyone", because after thousands of years, hundreds of exiles, and hundreds of millions of people sacrificed in burnt offerings by the jew, it's obvious there is **nothing good** in **any** of them.

Nagasaki, Japan lay smouldering in the wake of the jews atomic weapons. Tens of thousands totally consumed by fire in an instant certainly qualifies as a "burnt offering".

The persistent failure of the jews to even **attempt** to prove otherwise, for millennium after millennium, means only a fool would give them the chance to ante up now. Even the [situation in Haiti](#) could have been a good opportunity for jews of today to prove they were somehow different or better than all the jews of history, but they can not resist exploiting suffering. Instead of bringing real aid, these creatures pounce on the poor and devastated people of Haiti, with the taste of blood and thoughts of free organs and child sex slaves, like vultures pecking at a fresh road kill.

As it turns out, the complaint wasn't enough, because the full work of Anne Frank's fabricated homosexual perversion has already been [reinstated](#), but it was never physically removed either. This story has the kind of timing and effect that every annual holohoax fable has. Look at the ruckus this little fiasco caused, and ask yourself why everyone is in such an uproar.

Director of instruction James Allen last week told The Washington Post that the definitive edition of the diary would not be used in the future and that the decision was made quickly, without adhering to a formal review policy for instructional materials that prompt complaints. The remarks set off a hailstorm of criticism online and brought international attention to the 7,600-student school system in rural Virginia.

All this did was stir up feelings of poor persecuted jews, while they rape you to death from every angle, just in time for holocaust remembrance day. It should disgust you so much it turns your stomach that these vile creatures continue playing victim, while standing a top heaps of hundreds of millions murdered in their wake. Only pure evil would present itself as the timid, fearful, and persecuted with it's fangs and talons still dripping wet in blood.

If you want to believe in the fake jew holocaust, you need to believe in Nazis shrinking jew heads, making soap out of jew fat, and making lampshades from their skin. The jews should be fed to dogs for making up such stories, but they already came up with that one too.

As if the usual chicanery wasn't enough. As if the stories of shrunken heads, and jews removing gold teeth from their dead relatives wasn't sick enough, especially with the knowledge that it never happened, it seems a jew has actually made a mock up of Auschwitz with gold teeth from dead jews. That's right, a jew made a model of Auschwitz using the gold teeth from jews who died there. Even more shocking is the claim that these teeth alone yielded 2.3 kilos (5.1 pounds) of gold alone!

Check out the photos of this monstrosity [here](#) and see for yourself. Apparently this work is more than a year old, and was of course, displayed at a gallery in Germany, as if to say thanks for the "burnt offering" of all your innocent civilians. The exhibit was closed within hours due to it's controversial nature. However, just like the Anne Stank story, this one is just a little more controversy to keep the fake holocaust of jews at the forefront; while at the same time totally ignoring the real burnt offering of millions of humans to whatever evil manifestation the jews sacrifice too.

The pathetic swine seen posing naked here is the one responsible for the Auschwitz model supposedly made of gold teeth pulled from dead jews during the fake 6 million jew holocaust. The story must be true if someone of his caliber says it is so, right?

The truth is, the gold probably came out of Fort Knox, or was extracted from Germany when the jews took over after WWII. To them it symbolizes the prized golden city of Auschwitz, and the holocaust of thousands of Germans left in their wake. To them it is a mockery of your ignorance, and solidifies their golden opportunity to enslave your minds with the fable of the poor jew as the eternal victim.

This holocaust remembrance day, try to remember what a farce the jew stories are, and share that truth with others. Try to have a laugh at the bogus stories of shrunken heads, lampshades, and soap made from jews. Instead of thinking of the fake holocaust this remembrance day (whatever day that is), spend your time imaging how peaceful, safe, and tranquil the world could be if we actually did slow roast the jews over an open flame.

After all, this is why jews lay wreathes around their little fire at the Yad Vashem holocaust museum, because they know what's coming for them all. Hell hath no fury like a human who has awakened from the jew induced dream state. The jews already know that once their spell is broken, there will be no quarter and they will "totally consumed" in a "burnt offering" which will bring peace to the entire earth.

Awesome article!

It's funny that before I saw that you wrote this article, I saw the news about Anne's diary as well. I remember having to read that play in 10th grade (about 4 years ago). Fucking lying Jews.. I wish I would've known about their devilish ways a few years ago.

Keep up the good work.

The FAKE holocaust involving jews is horseshit, and easily proven to be nothing but fantasy. How did so many survive? If these were DEATH CAMPS, why have any survivors? So many jews claim they survived 3,4,5 DEATH CAMPS!

Their own fables contradict each other. Most say that \Ze womechn andz shildrechn werch takin achvey andz gaszed\....yet most of the so called survivors today were, women and/or children at the time of this fake event!

Get passed the fake holocaust mind hurdle they have put in your brain, and see the jew for what they are.

Their plans for you are either DEATH, OR SLAVERY. They are not going to give you any other choice. You can make the choice to say FUCK OFF, and go after them. Offence is the best defence when it comes to these creatures.

Another job well done. I like the new layout of your site, very professional looking.

Here's an example of just how good jews are at lying and maintaining their lies. herman rosenplat has been exposed as a filthy liar and he still refuses to admit that he's a lying sack of crap. Even after being exposed on national tv he says he believes his own line of BS (imagination). Of course his rat faced jewess aided him in extorting money from the American Goy because she loves him so much, awe...how disgusting. His own jew boy spawn told him to eat shit and die and personally, I wouldn't feed this nasty ass kike to my dogs for fear of

poisoning them with tainted meat.

Gen. George S. Patton's opinion of the "Jew".

<http://www.natall.com/national-vanguard/assorted/patton.html>

Having immediately recognized the Soviet danger and urged a course of action which would have freed all of eastern Europe from the communist yoke with the expenditure of far less American blood than was spilled in Korea and Vietnam and would have obviated both those later wars not to mention World War III — Patton next came to appreciate the true nature of the people for whom World War II was fought: the Jews.

Most of the Jews swarming over Germany immediately after the war came from Poland and Russia, and Patton found their personal habits shockingly uncivilized.

He was disgusted by their behavior in the camps for Displaced Persons (DP's) which the Americans built for them and even more disgusted by the way they behaved when they were housed in German hospitals and private homes. He observed with horror that "these people do not understand toilets and refuse to use them except as repositories for tin cans, garbage, and refuse . . . They decline, where practicable, to use latrines, preferring to relieve themselves on the floor."

He described in his diary one DP camp, "where, although room existed, the Jews were crowded together to an appalling extent, and in practically every room there was a pile of garbage in one corner which was also used as a latrine. The Jews were only forced to desist from their nastiness and clean up the mess by the threat of the butt ends of rifles. Of course, I know the expression 'lost tribes of Israel' applied to the tribes which disappeared — not to the tribe of Judah from which the current sons of bitches are descended. However, it is my personal opinion that this too is a lost tribe — lost to all decency."

Patton's initial impressions of the Jews were not improved when he attended a Jewish religious service at Eisenhower's insistence. His diary entry for September 17, 1945, reads in part: "This happened to be the feast of Yom Kippur, so they were all collected in a large, wooden building, which they called a synagogue. It behooved General Eisenhower to make a speech to them. We entered the synagogue, which was packed with the greatest stinking bunch of humanity I have ever seen. When we got about halfway up, the head rabbi, who was dressed in a fur hat similar to that worn by Henry VIII of England and in a surplice heavily embroidered and very filthy, came down and met the General . . . The smell was so terrible that I almost fainted and actually about three hours later lost my lunch as the result of remembering it."

If your citation of Patton are correct these should be of interest to the readers of the controversy that is presently going on in Poland over the statements made by Bishop Tadeusz Pieronek:

Poland is used today as the main vehicle (formerly West Germany) in Europe for bringing in the Zion New World

Order and <http://www.thenews.pl> is one of their main targets to maintain supremacy. Try to find the above link as there are at least two on the same subject going on, with the above the most interesting. The above link is now up to number 33 which may be the longest one on their record.

Must add my two cents:

Misha Defonseca, a.k.a. Monique DeWael, LIED about being raised by wolves, bankrupted Mt. Ivy Press to the tune of \$33 MILLION, and stole monies of uncountable amounts from uncritical thinkers who believed in her tall tale. Read about this in lurid detail at bestsellerthebook.blogspot.com – it is shocking.

Just like Herman Rosenblat above, this idiot contends that, thought it may not have been a true story, that this is “her reality”...and just like that lying fat fuck, says that she’d do it again.

whites need to stop blaming jews and blame themselves for allowing jews to brainwash them. Nobody allows someone to brainwash them, and nobody will get away with taking the heat off of the jew and putting it elsewhere. Understood? GOOD.

Do jews allow free speech on THEIR news sites? NO. I've been blocked and banned by hundreds of them. Do you think they will get a platform on MY site? Of course not. You want free speech? Pay for your own website, hosting, etc. then you can say whatever you like.

Rest assured it's not just "zionist" jews. That term is a fallacy. The jew has been at this for thousands of years before "zionism" ever existed. These beasts are inhuman, and it goes far beyond religion or political ideology. It comes down to blood lines, and they drink human blood. You can't explain that away with "zionism".

Kiss my ass – she didn't live there for two years, and thought she could get away with subletting the place and making shekels the landlord was entitled to make.

It's 2010 – why the fuck is the word "holocau\$t" even relevant? Didn't Stalin's body count equal almost ten times Hitler/Chaplin's?

Yes...Charlie Chaplin's role in *The Little Dictator* was propaganda to mask Adolph as nothing more than a clown. Chaplin was also instrumental in the coverup of the murder of Thomas Harper Ince, the father of the modern western. William Randolph Hearst, the fat fuck himself, actually committed the act, but Chaplin's dalliances with Hearst's untalented conquest, Marion Davies, set the scene for murder.

The injuries from the fall resulted in his death at Los Angeles County Hospital several days later. Some people consider the circumstances surrounding his death to be suspicious, and Rubin's wife demanded an investigation. But defense attorney Mark Werksman said that Rubin had been despondent for months, losing 40 pounds, and that the pressure of an upcoming trial "may have pushed him over top." The Rubin family launched a wrongful death suit against the government."

Jews know very well how to make these numbers. They can't be true, but jews run their lives in numbers, so they can make up huge and difficult calculation to get to 6 million.

A far better methos to prove the holohoax, is for example:

The so-called gas chambers in Auschwitz cannot have been real and gassing up any people. Why? Two very simple facts. The pipes in the roof where the Germans would have thrown in the gas bulbs, in the blueprints of them, one can see they're made by amateurs. They would have been made of light plate metal. Z-B would have gone through that and gassed the whole camp. BUT, the funny thing is, there aren't any holes in the roofs of the remains of the gas chambers. So it could never have been taken place.

Besides that, if one looks at the numbers, there should have been around 3 histerical jews per square meter in the

chambers. That's not gonna happen either. Then Z-B would take weeks to be neutralized in the chambers to enter them. Besides that, z-b would go into the walls and leave a blue colour behind -> not there!
Blah blah blah... there are so many facts that prove it's fake, but the one of the holes in the roof (which aren't there!) is the best, because no jew can argue a simple fact like that!

i just finished watching for first time all the way through the film One Third of the holocaust. i have never had the time to sit and watch it in one sitting do to the length of the movie four hour fifteen minutes. that there is a master work of a dedicated man like adam with all the time and effort it takes to do the exposure of the jew lies. after really getting to pay close attention to every thing that is presented to the viewer in the film and the fact that their are shown so many flaws to the story that have been omitted or reworked by the kikes that present the holocaust industry with books, movies, museums, etc... I think that everyone that is really dedicated to freeing our people watch this movie one thrird the holocaust <http://video.google.com/videoplay?docid=-1183568676926459928#> then compare it to what your children are being thought in school about this fucking lie. might find out the schools add even more over the top emotion to reinforce this fable as fact in our youths minds and might have even made some new reworking to it after all this in the age of the internet. if have kids that are old enough show them this film for

the greater good of all of us. thomas pain said “If there must be trouble, let it be in my day, that my child may have peace;” if not in our time this can hold true for our generation to come. the youth need to know way things are so fucked up. our children need to learn from their parents who they trust more then any other figure about how they are being lied to and mislead before they reach an age were friends, movies, music, etc... mean more to them then what mom and dad have to say about the ways of the world. also coming from a parent or person they respect there will not be so EZ a task for the jew to fill their head full of shit about every thing from the african slave trade, holocaust, politics, war, at... Its a guess of mine that i have but their young minds might pick up on propaganda that we as mentally formed in thought adults wont see for what it is. kids dont have that restiction of thought that most adults seems to have, if we adults as a mass did not have these restrictions the jew would have been dealt with long ago. i know some reading thins might not be big on hitler but keep this in mind ” I distinguish between the wisdom of age, consisting solely in greater thoroughness and caution due to the experience of a long life, and the genius of youth, which pours out thoughts and ideas with inexhaustible fertility, but cannot for the moment develop them because of their very abundance. It is this youthful genius which provides the building materials and plans for the future, from which a wiser age takes the stones, carves them and completes the edifice, in so far as the so-called wisdom of age has not stifled the genius of youth.” check this movie out and teach its lessons to the youth along with the other jew reworked or false historical happenings and above all the real holocaust done by the jews like the african slave trade, the bombing of german cities in WW2, communist russia, ect... when our youth know about the jew behind these genicides. i dont think the kike printed school books and jew teaching plans the schools use and even media use will have much luck getting them to beleave the lies. once these children see that mom and dad are telling the truth because the jew is a victim throught history and the fact based truths that you have learned them are omitted by no mention of the jew or even the event like the armenian genocide (that i never learned about in school) a great part of the battle is won. our generations to came need to know the truth be for the jew has a chance to blind them with emotional tails that fall apart when the emotion is gone from it, blame shifting, omission, ect... to back their victim cries. if the battle is not in our time atleast we can make it to were our kids when they are adults will stand up in mass and say “fuck you jew... time to right the wrongs and it starts with an end to you.”

Saw that film. Excellent expose of the holohoax. I saw a video recently on Brasscheck TV where Australian researchers went to check out Auschwitz where according to the jews between 1 and 3 million were allegedly gassed. They spent 3 weeks there checking the soil, going down as far as 30 metres with ground penetrating radar. Their conclusions were at the end of the study that there was not one single body, not a single bone buried there. In the delousing centres they found the typical blue staining on the walls from the Zylon B gas but no staining at all in the alleged gas chambers which were ordinary showers with doors that opened outward. Now of course in crypto Jew Merkel's Germany it is a crime to say that the holocaust never happened. If the jew narrative of the holocaust has to be underpinned by laws preventing free speech and research then it is obviously a lie and they are afraid that their holocaust will be exposed for the lie that it is. Naturally the real holocaust of Dresden can't be mentioned in case it detracts from the whining jew rat victimhood. So Merkel I'll say it since we still have free speech in Ireland despite the blow the international jew bankers have dealt to us lately. There was no holocaust in Germany you sychopantic wannabee jew bitch. It's time that the Germans stopped feeling guilty for something that never happened and stopped paying reparations to the terrorist Israeli state and 'reincarnated' jews who allegedly died in camps.

Hate them, but maybe direct it towards their RELIGION, so that way they cannot make it a “racist” affair?

The antisemitic thing works to their benefit, hate for them will help them reinforce the image that they are persecuted, and they will be in even more control.

Hate them, but lets attack the methods and bullshit used to destroy our culture:

Guilt. Education. Emasculation.

All must be combatted surely with new ideas? Instead of the same attempts that failed in the past, they've sadly outsmarted us too often, makes me a bit ashamed sometimes, I'm confident however that we can show the world what they truly are.

How about we make people emotionally charged, taking pride again in their people, by teaching that without western culture we wouldnt have all the awesome parts of the world we have, and then use that sort of drive to DESTROY the financial dictatorship.

Hitlers ideas, but evolved to suit modern technology.

Mein Kampf is still an excellent source of information on how to eradicate this, hitler invented the cure for Judaism, called National Socialism! It actually can work, done right, I'm sure.

Just some thoughts 😊

No, it absolutely MUST be directed towards their race. If you attack jewdaism, they will still call you a racist anti-semite. Semantics don't mean shit. This is fucking war, and the enemy needs clearly defined. If I were to not define them properly, even as they define themselves, then I would be totally ineffective at waging said war, and so would anyone else who fails to do so. We can hate them and attack THEM.....attack their antics is misdirection from the source, and won't be tolerated here. It's the jews. It's always been the jews. Should we start a campaign against grizzly bears to deal with the jews? NO, we should campaign directly against THE JEWS. <http://www.subvertednation.net/wp-admin/edit-comments.php#comments-form>

I agree people need some kind of nationalism or something to stand behind, but if it's based on religion or skin color, it's guaranteed to fail. I also don't think it's fair to base it on plain old American patriotism, because that only started after the genocide of the natives. It needs to be something fresh and new, but reasonable, HUMANE and HUMAN.

Hitler didn't invent any solution. He left us FUCKED because he let the enemy get away rather than crush them, and kept the jews SAFE while everyone else died fighting.

History Speaks

“A nation can survive its fools, and even the ambitious. But it cannot survive treason from within. An enemy at the gates is less formidable, for he is known and carries his banner openly. But the traitor moves amongst those within the gate freely, his sly whispers rustling through...all the alleys, heard in the very halls of government itself.

For the traitor appears not a traitor; he speaks in accents familiar to his victims, and he wears their face and their arguments, he appeals to the baseness that lies deep in the hearts of all men. He rots the soul of a nation, he works secretly and unknown in the night to undermine the pillars of the city, he infects the body politic so that it can no longer resist. A murderer is less to fear. The traitor is the plague.” - Marcus Tullius Cicero
